2 Killed, 3 Hurt In Crash Near Marion

MAN AND CHILD MEET DEATH AT R.Y. CROSSING

Woman in Critical Condition; Car Enroute from Sandusky Hit by Train.

A Sandusky man and his infant daughter were killed and three other persons injured, one critically, in an automobile-train crash at the Five Points grade crossing five miles east of Marion at 1 a. m. today.

The dead are Albert Sisson, 28, of Sandusky, and his daughter, Catherine Sue, 2.

Mr. Leo Knoblaugh of Columbus was critically injured, suffering a skull fracture.

Others less seriously hurt were Mrs. Sisson, wife and mother of the two victims, and Leo Knoblaugh of Columbus, driver of the car.

The only one of the six occupants to escape without any injury of consequence was three-year-old Albert Dale Sisson.

Sisson and his daughter were pronounced dead upon arrival at City hospital. Sisson and his family had gone from Columbus, their original home, to Sandusky last July while he worked at the Plum Brook Ordnance Works.

When he became jobless a few weeks ago, he left his family in Sandusky and went back to Columbus to look for work, staying there with his parents, Mr. and Mrs. Albert Sisson.

Enroute to Columbus

Hopeful of getting work soon, he set out to go to a factory today where he had been told he might be able to start work at once—he had arranged to bring his family from Sandusky to Columbus over the weekend. It was on this trip that the accident occurred.

Because his car was not suitably equipped for hauling so many people, he arranged with his cousin, Mr. Knoblaugh, and Mr. Knoblaugh to make the trip. They went to Sandusky Saturday and were on their way back to Columbus with Sisson's family at the time of the crash.

Knoblaugh, injured and dazed, did not tell exactly what happened. He told a state highway patrolman he had become suddenly aware of the approach of the train and had applied his brakes. The car skidded. He didn't know what happened from that time on.

Knoblaugh said it was both his car and the details of the crash that were yet to be pieced together. He apparently said that the westbound train struck the car on its right side.

Condition Critical

Knoblaugh's condition was improving, and members of the family said he suffered a skull fracture and a severe laceration of the hip, head injury, and stitches to chest, back and head, chest, leg and arm.

He was visited by his widow, Mrs. Dale, who escaped unhurt, and a daughter, Lee, one year old.

He was left with neighbors to make the trip to Marion, where his parents and Mrs. Buelah Ashenbary D. Sisson and other relatives are.

He was taken to the Marion hospital and the mortuary and the body to the M. H. Sisson funeral home.

Funeral services for both families are being held early today.

E Bond Sales Pushed in Fourth War Loan Drive

Drive Chairman Calls for Special Effort This Week To Increase Individual Purchases.

Marion county residents were urged anew to "hit the enemy with an E bond" as the Fourth War Loan drive neared the end of its first phase today.

This part of the drive is the "individual's campaign," with block chairmen, air raid wardens, factory committees, community and township workers all plugging E bond sales to individuals. This intensive sale to individuals was scheduled to end last week.

but was extended by Chairman Robert E. White to Thursday of this week.

"Marion county has always made good in war bond drives, but individual buyers haven't always done their share of the buying," he emphasized this morning. "This time we want every person in Marion county to help—to do his share even though it will mean some real sacrifices."

The goal for the individuals is one-third of a month's income for salary and wage earners and \$1 an acre for farm owners or operators.

Go Above Quota

One report this morning that cheered drive workers came from Marion's WMC-U. S. Employment Service office where officials voluntarily took on a quota of 35 per cent of a month's income—a little more than the individual quota for the county at large. The results of a campaign among the employees showed that even this had been topped by 12 per cent, and that the 15 persons working in the office had invested an average of 47 per cent of a month's income in bonds. That was an average of \$75 for each employee, or enough to buy a \$100 bond for each.

Saturday's sales in the county amounted to only \$39,127.50, one of the highest days of the campaign. This brought the total to \$554,168. Of Saturday's total, \$25,387.50 was in E bonds, making the E bond total in the drive so far \$284,575. Although this is a substantial showing, leaders pointed out that the county's quota of E bonds alone is \$819,000, leaving the county a long way to go.

Appeal to Wardens

A special appeal to air raid wardens to canvass the residential districts of Marion as quickly as possible, and in any event not later than Thursday, was issued today by Elmer J. Schoenlaub, chairman of the Marion County War Finance committee. He said a number of Marion residents had informed him they are ready to buy extra bonds in the Fourth War Loan and are waiting for the neighborhood air raid wardens to call for their orders. "There's only one way to get them bonds, and that's to go after them," he emphasized.

Another development today was a report of the achievements of one Marion county woman who, quite logically, started at home in her efforts to sell bonds. She is Mrs. Stanley Pickett of near Marion. Her son Richard, 15, and daughter, Betty, 13, had partially filled books of stamps they had bought through the Kirkpatrick school. They also had about \$10 each in pennies. She encouraged them to combine the stamps and pennies.

WMC OFFICIAL DIES

LEWIS' PEACE TERMS REJECTED BY AFL

By The Associated Press

MIAMI, Fla., Jan. 24—The American Federation of Labor executive council today rejected John Lewis' terms for readmission of its United Mine Workers into the federation, and offered to take the miners back only on the same status under which they were members until 1936.

Although the council's proposal would limit Lewis' jurisdiction to the coal mining industry, it did not necessarily close the door to further negotiations on the question of the UMW's district 30, which includes miscellaneous crafts.

An AFL committee was instructed to meet again with the miners if Lewis is willing.

President William Green said he believed some progress had been made, but declined further interpretation.

Lewis' terms had been "take us as we are."

He had assured council members, however, he would abide by their jurisdictional decisions except as to chemical workers, whom he proposed keeping.

REDS DRIVE ON VITAL NAZI RAIL CENTERS

Russians Sweep Along Both Banks of Volkhov River To Cut Communications.

By The Associated Press

MOSCOW, Jan. 24—Sweeping along both banks of the Volkhov river after wiping out a German bridgehead on the east bank, the Red army was within 10 miles of Chudovo today in a drive which threatened to cut still another vital enemy rail line below Leningrad.

The Germans, whose communications are being systematically chopped up all along the Leningrad front, still held a narrow stretch of this line—the main Moscow-Leningrad line—between Chudovo and Tosno. Chudovo is about 75 miles southeast of Leningrad on the west side of the Volkhov.

Russian troops directly menaced the key rail junction of Tosno by advancing through Pustinka, 10 miles southwest of Mga, and a Soviet communiqué said the Germans were retreating in disorder from the tip of the Tosno salient.

Marsh Drive Progresses

The bulletin declared the drive through the Pripiet marshes in lower White Russia already had passed Simonovichi, 33 miles west of Mory.

(Swedish dispatches from Berlin said the Red army had launched a surprise offensive on the far-northern Finnish front. The Finnish communiqué, however, reported only routine patrol activity.)

(In another unverified report, a Berlin broadcast said heavy fighting was going on southeast of Kerch in the Crimea after Russian forces landed and drove inland. The broadcast said attacks by other Russian forces already had established a bridgehead northeast of Kerch.)

The Russian communiqué said Soviet forces southwest of Leningrad in the Krasnoye Selo area drove the Germans out of several localities.

In White Russia the southern wing of Gen. Konstantin Rokossovsky's army was nearing a junction with the northern flank of Gen. Nikolai Vatutin's forces in the depth of the Pinsk marshes, west of captured Lechitsky, where some units have crossed the Ubr river and are heading for the Swida and Gorin rivers.

(To the north, a German broadcast said the Nazis had abandoned a swamp in the area west of Novgorod.)

The Communist party newspaper Pravda reported the Leningrad area is alive with new building activity following the city's liberation from siege.

CONDITION IMPROVES

The condition of Alfred Donit, then member of the law firm of Donit & Michel, who has been confined to his bed by illness for the past four weeks at his home at 640 Mt. Vernon avenue, is reported to be improving.

ALLIED PLANES HAMMER NAZIS

Large Formations Fly Across Channel To Blast Targets in Germany.

By The Associated Press

LONDON, Jan. 24 — United States heavy bombers, with a full escort of Thunderbolts, Lightnings, Mustangs and Spitfires, resumed their war on the Reich today and smashed at a number of military objectives in northern and western Germany, U. S. Army headquarters announced.

One formation of Flying Fortresses wrecked an important objective in northern Germany, the headquarters of a German army group, and another formation of Flying Fortresses wrecked an important objective in northern Germany, the headquarters of a German army group.

The target, not specifically identified in official announcements, was attacked when the primary objective — also unnamed — was found too well covered with clouds to permit pinpoint bombings.

The formation, not content to go home with the bombs still in the bay, cruised over a break in the clouds, spotted a road objective and "hit it beautifully."

"All our bombs landed right in the middle of the place and really knocked it to pieces," said Sgt. Robert J. George, 26, Hamilton, O., a ball turret gunner. "When we left we could see lots of fire and smoke."

Surprised Nazi fighter and ground defenders got into action too late to cause the bombers and their heavy escort much anxiety.

Nine Nazi fighters were the most seen at any one time, and they found the circle of protective fighters too impressive to crack.

Previously large formations of U. S. Marauders and RAF Medium bombers attacked other military objectives in northern France, with the support of RAF, domination and allied fighting planes, after Mosquitos had made a night raid at western Germany without loss.

British planes also laid mines in enemy waters, the air ministry said. The communiqué mentioned no other overnight operations, though a wide continental radio blackout and reports from Sweden had indicated previously targets in (Turn to AIR ATTACK, Page 11)

ADMITS GRAFT CHARGE

By The Associated Press

LANSING, MICH., Jan. 24—Ernest J. Prev, vice president of the General Finance Corp. of Detroit, one of 26 men named Saturday in a grand jury warrant on charges of participating in a legislative graft conspiracy, surrendered here today, waived a preliminary examination and pleaded guilty in circuit court before Judge Leland W. Carr, whose one man grand jury had obtained his arrest. Judge Carr accepted the plea and released Prev, on bond of \$2,500 to appear for sentence at a date not specified.

KILLED BY AUTO

By The Associated Press

GALLIPOLIS, O., Jan. 24—An automobile struck and killed Fred Albert, 46, of Gallipolis, Perry, W. Va., at Kanawha, four miles north of here, yesterday. His was the second Ohio county traffic fatality in two days.

HEAVY CANNONS OPEN FIRE ON CAPITAL ROAD

Troops Expand Beachhead and Drive Four Miles Inland from Coast.

By The Associated Press

ALLIED HEADQUARTERS, ALGIERS, Jan. 24 — American and British troops driving four miles inland, are less than 30 miles from Rome and have brought the Apennine way under their feet from their long beachhead above the Pontine marshes, Allied headquarters announced today.

A German broadcast said allied forces were advancing from the Nettuno area toward Littoria, 12 miles east of Nettuno, and but four miles from the Apennine Way. Littoria is the main center of the Pontine agricultural development in the marshes, and an allied advance in that direction would be away from Rome instead of toward it.

But fighting with fury of a conventional battle, the German 10th army has gone over to the offensive on the whole Cassino front, 60 miles to the southeast. In violent day and night counterattacks the Germans threw the Americans back and across the Rapido river.

"It is apparent that the German command hopes to disrupt the entire Fifth army front to gain time to turn around and deal with the threat in their rear," said an allied military commentator.

The Americans had seized a bridgehead across the Rapido, three miles below Cassino, in conjunction with the allied landings near Rome, but were immediately attacked in force by the Germans who had been augmented by three divisions withdrawn from the Rome area only a few days ago.

As a result of the shift of German forces, the sea-borne forces at Nettuno were still expanding their miles-long bridgehead without meeting effective opposition, headquarters announced. American and British troops and supplies still are pouring ashore.

Guns Cover Apennine Way

The allies captured Nettuno, it was stated officially for the first time, held the coast for several miles both north and south of that small port, and have brought the Apennine way under their guns.

This road, main coastal highway between Rome and the German southern front, is only 12 miles from the beaches, and the four mile allied advance placed the Americans and British within eight miles of the artery.

The road also was within range of warships' attack.

(The German communiqué admitted no major opposition had yet been offered to the allies at Nettuno, but declared one destroyer was sunk, and a cruiser and two smaller naval craft were hit in German air attacks.)

The German air force still had been unable to give battle over the bridgehead and only four enemy planes were sighted there by allied patrols yesterday. But American Spitfires intercepted a force of 50 to 60 enemy planes which attempted to bomb ships off the beaches and shot down six Nazi bombers near Elba.

City Taken Quickly

Nettuno was captured so quickly Saturday the harbor installations were taken intact. Although the unloading capacity of this summer resort is small, as is that of the small harbor of Anzio to the north, long stretches of beach can

War Summary

ALIENS—Troops landing behind German lines drive four miles inland. Now within 30 miles of Rome.

RUSSIA—Red troops sweep ahead to cut Nazi communications and threaten rail centers.

AIR WAR—Mosquito stabs at western Europe last night followed today by heavy attacks on French coast.

PACIFIC—Allied air blows hit Japs on wide area from Paramushiro to New Guinea.

Tear Gas Meant For Burglars Backfires

Some "burglar juice" backfired this morning, making victims of the persons who intended to employ it as a deterrent to burglars.

A metal case containing four vials of tear gas, in an installed in the locks of a safe, was delivered to the Hull Lock & Key shop on North Main street late this morning. It had been smashed, and the gas, in liquid form, trickled from the package.

Before anyone had time to do anything about it, the shop was so filled with fumes that everyone was busy wiping away tears. Mr. Hull quickly carried the box outside, where it continued to smart the eyes of curious passersby who stopped to examine it.

The tear gas was intended to be placed in the locks of safes in a way that said crackers would break the vials if they attempted to pound the safe open or open it with heat.

62 APPLICANTS TAKE NAVY V-5 TESTS HERE

42 From Marion Area Pass Preliminary Examination.

Sixty-two young men from the Marion area took a Naval V-5 examination Saturday at Harding High school. Of the total, 42 passed preliminary mental and physical tests. Nearly all the applicants were 17-year-old high school seniors who are starting their last semester's work this week.

Naval recruiters complimented Marion recruiting officials on the number of men reporting for exams and the quality of applicants. Lt. W. P. Roberts of Detroit of the office of naval officer procurement was in Marion Friday and Saturday making arrangements for the test.

The Navy department is accepting high school seniors and graduates, who are 18, as well as those 17 years old, for enlistment as apprentice seamen, V-5 in the U. S. Naval reserve. Apprentice seamen V-5, who are attending high school must remain on inactive duty until graduation when they will be transferred from V-5 to V-12 aviation for 32 weeks of college instruction. They will then be transferred to aviation cadet, V-5, for flight training leading to appointment as commissioned officers in the Naval reserve and Marine Corps reserve.

JAPS HIT HARD IN AIR BLOWS

Allied Warplanes Range Over Enemy Bases Covering Wide Arc.

By The Associated Press

Aerial destruction plunged down on the Japanese throughout the long, explosive arc of the Pacific battlefield in a display of the growing might of allied air power. American bombers struck again at Paramushiro in the far north; blasted enemy airbases and shipping in the south and southwest sectors; and hammered Japanese positions in Burma.

In addition, the Tokyo radio said today nine escorted Liberators attacked Hongkong yesterday, and 12 other B-24s raided Tarao in the Marshall Islands. The broadcast claimed destruction of six bombers in the two strikes.

Ground activity brought the United Nations another step closer toward Madang, Japanese-held key to northern New Guinea, and forced the enemy to retreat in northern Burma where allied pressure is becoming perceptively stronger.

Third Blow in Four Days

Possibly indicating start of a northern air offensive, Naval bombers delivered the third American attack in four days on Paramushiro, enemy naval stronghold at the northern end of some 22 Kurile—a chain of some 22 islands which include the Japanese mainland itself. Yesterday's raid, like the previous two last week by Aleutians-based army units, was carried out without loss.

In the southwest Pacific, Japanese airbases were singled out for aerial assault. Unsinkable airfield at Rabaul, New Britain, was hit in a foray that cost the Japanese 18 to 21 planes against six of (Turn to PACIFIC, Page 13)

Former Marion School Head Named University President

George A. Bowman Appointed To Take Charge at Kent on July 1.

George A. Bowman, 49, superintendent of the Youngstown schools, and former head of the Marion schools, today was appointed president of Kent State University, succeeding Dr. Karl A. Leebrecht, now a major in the Army, an Associated Press dispatch from Kent reported today. John R. Williams, president of the university's board of trustees, announced the appointment. But said Mr. Bowman would not assume his duties until July 1, the dispatch stated. Dr. Raymond M. Clark, professor of psychology, acting president since last June, will continue for the remainder of the term. Mr. Bowman went to Youngstown as head of the schools there three years ago. Mr. Bowman was superintendent of the Marion public schools for nearly six years, resigning to accept the superintendency of the school at Lakewood in September, 1934. He came to Marion

Public Favors Mustering-Out Pay; Willing To Foot the Bill

By GEORGE GALLUP
Director, American Institute of Public Opinion

PRINCETON, N. J., Jan. 24.—The movement in favor of providing mustering-out pay to discharged veterans of World War II for the government support of the war.

The results of the bill when adopted by the Senate and sent to the House were: approved, 88%; disapproved, 8%; undecided, 4%.

The vote was then handed a card listing the names of the men who have served on duty outside the United States would receive \$300 for 18 months or more, \$100 for 12 to 18 months, and \$50 for less than 12 months service. Those who have served only in the United States would be paid \$300 for 12 months or more, and \$200 for less than 12 months.

Voters were asked:

"Do you think these amounts are too large, too small or about right?"

The replies show that the great majority consider these sums either about right or too small, while comparatively few think they are too large.

Too small 11%
About right 61%
Qualified approval 7%
Too large 3%
Oppose any payment 8%
Undecided 7%

The heading "qualified approval" includes those who thought there ought to be greater difference in payment between men who had seen combat and men who had not, and between those serving abroad and those at home.

Willing To Pay

Each voter was then asked how he felt about digging into his pocket for the taxes needed to make the muster-out payments.

"Would you, personally, be willing to pay higher taxes in order to make these payments possible?"

The results:

Yes 78%
No 20%
Undecided 10%

While favoring muster-out pay after this war, the public is at the same time anxious to have some kind of system for gradual demobilization of our forces. There is considerable fear that servicemen will have difficulty finding jobs. One-half of all voters questioned in an Institute survey last June said they thought the men should be kept in service until they have definite jobs lined up.

National opinion today was divided both on the general principle of mustering out pay and on the specific sums provided in the Senate bill. The House measure, being debated this week, would provide somewhat smaller sums.

OFFICERS INSTALLED BY SPANISH VETS, AUXILIARY

John Monk and Mrs. Lettie Howison Head Group.

Marion Camp No. 32, United Spanish War Veterans, and the Betty Ross auxiliary held a joint potluck supper and installation meeting Friday night at the Legion Dugout.

The new officers of the camp, installed by George L. Rakestraw, deputy adjutant of Ohio are: John Monk, commander; W. T. Niles, senior vice commander; E. F. Helt, junior vice commander; E. R. Bondley, adjutant; J. C. Oranoud, quartermaster; Zed Gunder, trustee; Carson Shetterly, patriotic instructor; J. E. Messenger, historian; Fred H. Morrison, surgeon; James Clusick, officer of the day; R. M. Miller, officer of the guard; James Messenger, sergeant major; E. E. Glosser, quartermaster sergeant; H. N. Wedvitz, senior color sergeant; E. M. Mayse, junior color sergeant; and Frank Letterie, chief musician. Mr. Rakestraw talked on the history of the organization and also gave statistics to show the condition of the orphan homes at Xenia and Sandusky. Col. T. E. Andrews was master of ceremonies. The next meeting will be on Feb. 11 at the Armory.

The new officers of the Betty Ross auxiliary, installed by Mrs. Gertrude Andrews are: Mrs. Lettie Howison, president; Mrs. Mercedes Byrnes, senior vice president; Mrs. Ida Niles, junior vice president; Mrs. Mable Poulin, patriotic instructor; Mrs. Ida Longshore, historian; Mrs. Dollie Anthony, conductress; Miss Madge Glosse, assistant conductress; Mrs. Emma Bondley, secretary; Mrs. Mary Miller, treasurer; Mrs. Hattie Richards, chaplain; Mrs. Beth Monk, pianist; Mrs. Emma Campbell, guard; Mrs. Pauline Platz, assistant guard; and Mrs. Callie Howison, Mrs. Ellen Poland, Mrs. Maxine Hoover, Mrs. Fannie Call, color bearers. A past president's pin was presented to Mrs. Poulin by Mrs. Bondley. At the afternoon meeting which preceded the joint installation Mrs. Hattie Richards reported that six bonds had been bought for an ambulance plane. Five dollars was donated to the Red Cross for soldier kits and Mrs. Byrnes was appointed honor roll chairman. A card party will be held on the evening of Feb. 18 at the Dugout.

Home Extension Council Plans Achievement Day

A meeting of the Marion County Home Extension council was held Friday in the Gas Co. rooms with a potluck lunch at noon. Plans were made for a countywide "achievement day" program to be held in March. Miss Louise Cook, county home demonstration agent, presented plans for the 1944-45 women's program of the county extension service. Committees were appointed. Arthur Smith, county agricultural agent, spoke briefly on plans for 4-H club work this summer. Mrs. O. G. McGlone of Grand Prairie township presented and Mrs. Clifford Smith of Green Camp led in group singing. Another meeting to complete plans for the achievement day event will be held the afternoon of March 8 at Our House on South Vine street.

Welcome these Soldiers of Victory!

THE "shock troops" of your Government's 4th War Loan Drive—a drive that must raise \$14 billion to put the punch behind the punch that may make 1944 the date of doom for the Nazis—will soon call on you to buy your personal quota of Bonds. For, of the \$14 billion that must be raised in this Drive, \$5.5 billion worth must come from individuals.

Welcome these American men and women—5 million of them—who are not only buying their share of Bonds but are giving their time to call on you, personally.

Every office, every plant, every home, every individual in America has a quota to meet. Your personal quota is *at least* one extra \$100 Bond. That's *above* your regular Bond buying.

If possible, buy your extra Bonds during this drive at the *plant or office where you work*. A volunteer Bond worker will sell you there. Otherwise, welcome him to your home when he calls. Or find one in the thousands of retail stores all over the United States. They want to find you—you must help see that they do.

If you are unable to make your purchases from a soldier of victory *be sure* to go to one of these other special War Bond stations to buy your *extra* Bonds:

BANKS AND TRUST COMPANIES
U. S. POST OFFICES
SAVINGS AND LOAN ASSOCIATIONS
BUILDING AND LOAN ASSOCIATIONS
BROKERAGE AND INVESTMENT FIRMS
MOTION PICTURE THEATRES
CREDIT UNIONS
CERTAIN GOVERNMENT AGENCIES
NUMEROUS CORPORATIONS AND FIRMS FOR THEIR EMPLOYEES

PRODUCTION CREDIT ASSOCIATIONS
NATIONAL FARM LOAN ASSOCIATIONS
MISCELLANEOUS BOND BOOTHS
RADIO STATIONS
RETAIL STORES
NEWSPAPERS

This sticker in your window means you have bought 4th War Loan securities.

Remember your job in this Drive is to buy more than your share of Bonds. That's the only way you can be certain you are still backing the attack. So be ready to meet your War Bond representative with an open check book.

Let's All BACK THE ATTACK!

Mrs. Charles Merkle was hostess to the Art club in her home on Mt. Vernon avenue Thursday evening. John Bryans of Marion talked on the Rindling School of Art near Little Switzerland, N. C., where he has studied and exhibited his work in various mediums.

Mrs. Arthur Rider of Green Camp was a week-end guest of her sister, Mrs. William Everett, and children of Bucyrus, Mrs. Everett and children will leave Wednesday to make their home at Maererville, Calif., where Mr. Everett has been employed for several months.

SURPRISE REUNION PARTY Mr. and Mrs. Dallas Harhoff of 585 Vernon Heights boulevard entertained at dinner Sunday night for Staff Sgt. and Mrs. Robert Holliday and Seaman 2nd class and Mrs. Byron Holliday, who are both home on furlough. Sgt. and Mrs. Holliday arrived late yesterday afternoon from Hattiesburg, Miss., and Seaman Holliday is stationed at Brooklyn, N. Y. Neither brother was aware that the other was home so their meeting was a surprise to both. Other guests were Fred Morehart of Columbus, Mr. and Mrs. G. C. Mowbrat and Mr. and Mrs. Frank Holliday of Marion.

SALT ROCK CLUB MIXES Salt Rock Joymakers club met Thursday with Mrs. Roma Gay. Kanel east of Meeker. Devotions were in charge of Mrs. Mildred Murphy. The following program was given in charge of Mable Smith, papers "Death Stalks in Porto Rico" Mrs. Deslie Williams, "At the Front Lines in Italy," Mrs. Zelma McKelvey, "Woodrow Wilson's Life," Mable Smith, the hostess was assisted by Mrs. Vella Kannel. The next meeting will be with Mary Owen.

Out-of-Season Bee Defeats Policeman DENVER, Col.—A first round between a Denver policeman and an out-of-season bee ended in a stunning defeat for the officer. The defeat was double-edged, for Patrolman Jack Straight, because he also is an amateur beekeeper. He was cruising along when the insect flew in an open window. Straight identified it as a valuable type of honey bee, just the thing to add to his hive at home.

So he proceeded to try to capture the bee, first with his hand, and then with his hat. When that failed, Straight alighted from the car and attempted to coax the bee into the open with vigorous swats and scoops. One of the swats got the bee.

There followed what seemed to be a brisk, one-man struggle, with the bee enough to infuriate atop Straight's left ear. The patrolman showed up for medical attention. He had an ear that was three times its normal size—but no bee.

Long-distance telephone calls average 2,200,000 a day, at an average connection speed of 3.7 minutes.

Change Made In Club Federation's Program-Schedule

WAR and illness are no respecters of persons. Mrs. Harold K. Mouser, chairman, and members of her committee for the 1943-44 programs for the Marion County Federation of Women's Clubs are learning this season. When Mrs. Mouser last week informed Mrs. Mouser that Lynn Lee Shaw, speaker on the February program, had been compelled to cancel all her speaking engagements indefinitely because of illness, she immediately set out to contact other speakers with a view to supplying a substitute equally as well known and interesting. Doomed to disappointment after telegrams and telephone calls brought no positive response due to "limited traveling," "full schedules," "illness," and other unforeseen circumstances, the committee, with the approval of officers of the federation, decided not to hold a February meeting but to advance the programs a month. This will provide the same number of programs and will not interfere in any way with the fine arts day observance which brings the season to a close each year, the committee points out. There will be a program in March as scheduled, and one in April and the fine arts day program to climax the activities.

Members of the federation and patronesses are assured of an equally fine speaker as Lynn Lee Shaw for the substitution by the committee, Mrs. Mouser, Mrs. U. E. Hootman and Miss Pauline Ruhl.

President's Birthday Broadcast Saturday

NEW YORK, Jan. 24.—The annual broadcast in which "Mr. President" salutes the President's Birthday as the climax to the infantile paralysis March of Dimes drive is being lined up for Saturday night on all networks. It will be on the air at 10:15, with Mr. Roosevelt speaking briefly as usual.

This year Frank Sinatra is included in the talent along with Bob Hope, Lily Pons, Paul Whiteman and Dinah Shore among others. With him the U. S. Marine and the Santa Ana, Calif., Air Force training command, also are to be heard.

The President will be 62 years old Jan. 30.

The Battle of the Sexes quiz, a network feature since Sept. 20, 1938, first on NBC and now on the Blu, is to pass from the radio scene on Feb. 2, to be replaced by a family drama series, "My Best Girls," the following week.

MORE DAIRY COWS URGED FOR OHIO

COLUMBUS, O., Jan. 24.—Ohio agricultural leaders, represented by spokesmen from 15 federal and state agencies, believe there should be a reduction in pigs, beef cattle, sheep and poultry and an increase in the number of dairy cows raised on Ohio farms in 1944 as compared with 1943.

The farm representatives who met recently at Ohio State university, reported Ohio producers about 1,078,000 head of pigs in 1943 and recommended 900,000 head be produced this year. They urged reductions in the number of beef cattle and calves from 2,284,000 head to 2,213,000 in 1944 and a drop of 30,000 head of sheep and lambs.

The spokesmen suggested Ohio raise 38,000,000 chickens against 38,851,000 last year.

The group reported Ohio farmers had 1,077,000 head of dairy cows last year for a production of about 4,976,000,000 pounds of milk. Ohio State university rural economists recommended an increase in cows for 1944 to 1,101,000 head, so 5,170,000,000 pounds of milk might be expected.

Approximately three-fifths of all federal civilian employees are engaged directly in war production.

Mrs. Conner credited "cheerful spirit" and Spencer "plenty of outdoor exercise" for their ages.

Ration-Free Shoe Sales Extended

Retail shoe stores have been given an extra week, through Feb. 5, to make ration-free sales of limited quantities of women's low-priced shoes at \$3 or less a pair. OPA district officials at Columbus announced today. Retailers had been granted a two-week period, Jan. 17 through Jan. 29, for the ration-free sales. The period is extended to three weeks in order to promote orderly buying and avoid a possible rush that would put heavy pressure on limited shoe personnel. The action is expected to provide ample time for retail establishments to sell the allowed 15 percent of their September inventories of women's low-priced shoes ration-free.

ARMY TO SET UP PLANT IN NEWARK

COLUMBUS, O., Jan. 24.—An army repair shop for replacement and rebuilding of ordnance materiel will be established soon at Newark, O., Maj. Gen. James L. Collins, commanding general of the Fifth service command, announced today.

The installation will be one of a chain of similar units being set up in various parts of the country as centers for reconditioning of ordnance equipment that has been damaged or outworn either in combat overseas or in training activities in this country, the officer said.

General Collins estimated the repair base eventually would employ several hundred civilian workers and would have a capacity for reconditioning about 30 engines a day.

The shop will be operated in the north plant of the Newark Stove Co., which has been leased by the army. Maj. Paul J. Lamb has been designated commanding officer of the shop, Lieut. Col. H. E. Stout, Fifth service command ordnance officer, said.

AGOSTA LODGE MEETS

AGOSTA—Independent Rebekah Lodge No. 234 met Tuesday evening with Gertrude Strick in charge. A birthday party was given in honor of Mrs. Alice Rush and a handkerchief shower for the past noble grand, Isabella Hamstein.

How Doctor's Formula Pops Up Bile Flow!

Right Way To Relieve Constipation To Feel "Tip-Top" Tomorrow! If liver bile doesn't flow every day in to your intestines—constipation with its upset stomach, full eyes, lack of pep, and mental dullness often result.

So take Dr. Edwards' Olive Tablets tonight. Olive Tablets—being purely vegetable—are wonderful to pop up bile flow and insure gentle yet thorough bowel movements. Used successfully for years by Dr. F. M. Edwards for relieving his patients with constipation and sluggish bile flow. Test their goodness by taking one or two. All druggists. Follow label directions.

MRS. ANNA E. JACOBS Italian Landing Dies AT HOME HERE Finds Weak Nazi Coast Defense

President's Funeral Tuesday.

By DEWITT MACKENZIE
Associated Press War Analyst

Forecasting the future of the Italian campaign, Mrs. Anna E. Jacobs, 74, of 1235 N. 10th St., died at her home here today following a long illness. She was born in Germany and came here in 1908. Her husband, Dr. E. Jacobs, died in 1938. She was a member of the Italian American Club and the Italian American League. She was a devoted mother and a devoted citizen. She was a member of the Italian American Club and the Italian American League. She was a devoted mother and a devoted citizen.

Our side has been both smart and lucky. Our success in getting across with virtually no opposition Saturday is of course, a tribute to the Italian command in concealing the exact factor of the projected landing from the Germans. But it is more than that. It signifies a general weakening of Nazi resistance in the face of the growing United Nations onslaught from all directions.

No Way To Conceal Plans
There is no way of concealing the preparations for an amphibious operation of this size from the enemy. The big fleet, alone would give that away. The Italians knew an attack was coming. However, they didn't know where the allies were going to hit.

Still, the significant fact is that this is a normal measure of precaution they weren't prepared for an assault at such a strategic spot as we chose. The answer, undoubtedly, is that they didn't have sufficient forces to safeguard all potential invasion points.

The ring of disaster is closing in on Hitler. He is being pushed to the limit to defend himself against the furious onslaught of the Red armies on the long Russo-German battle-front. The Balkans also are straining his resources, and he has to keep western Europe manned for the final reckoning which is hurrying down on him.

That is not the whole story, however, though the further progress could have made a better defense of the invasion has not been for the allied dominions of the air over Italy and the support work of the American and British bombing fleets. The allied air force and Navy has so disrupted communications both north and south of Rome, which is the hub of all Italy's main railways, that the Nazis must be hard pushed to move troops and supplies. The main German reservoir of manpower in Italy is north of Rome—much of it in the far north—and indications are that the railways above Rome were cut by bombing before the landings were undertaken.

Invasion Drive Inland
The invading troops captured the town of Nettuno and have driven several miles inland from their beach-heads. One would expect them to make an immediate effort to get astride the main railway artery from Rome, and thus completely sever the German rail communication to the forces which are opposing our Fifth army along the line of the Garigliano river.

The Nazis are believed to have five divisions in the battle-line across the peninsula, and one of the main objectives of our invasion is to try to cut them off and destroy them. They are reported to be rushing up reserves in an effort to foil this plan, but Swedish dispatches report that Berlin military experts are worried whether they can get into action in time, in view of the allied command of the air.

It wouldn't be surprising if the allied attempt to capture Rome were delayed until the Germans to the south have been dealt with. The capture of the capital will have great military value, not only because it is the rail center for the Italian peninsula, but because of its war manufactures.

However, probably the moral effect on the world will exceed the military value. The allied triumph in causing the downfall of Mussolini and the surrender of the country, great as it was, can never be complete until the Eternal City is in our hands. To all nations, not excluding the major allies, Hitler's continued possession of Rome is a symbol of great power of resistance.

Even more important will be the freeing of Vatican City and the safekeeping of the Pope. Were Hitler a normal member of civilized society there would be no fear for the safety of his holiness, but there is no telling to what extreme the Nazi gangster's baroque mind might go.

WAR BONDS

(Continued from Page 1)

stamps and pennies, added a little to the totals from her own pocket and turned in orders in behalf of the children. Then she started on the neighborhood assigned to her in the Fourth War Loan and ran the total sales up to \$426.75. Friends said she helps neighbors with household looks after her own family, helped her father, Alonzo Hart, on a hay dealer last year when help was hard to find, does three washings a week and sells bones in the evenings. Her husband is in service overseas and she has two brothers in service, one of whom is reported missing in action.

Rally Today
Special war bond events this week include a rally this afternoon at the Universal Canteen. The plan is to start that campaign of participation in the Fourth War Loan, and a community-wide rally Thursday night at Prospect.

MRS. ANNA G. FORCE Stricken at Daughter's Home: Rites Set Wednesday.

By DEWITT MACKENZIE
Associated Press War Analyst

Mrs. Anna G. Force, 73, of 217 E. 24th St., died at her home here today following a long illness. She was born in Germany and came here in 1908. Her husband, Dr. E. Force, died in 1938. She was a member of the Italian American Club and the Italian American League. She was a devoted mother and a devoted citizen.

Born Aug. 24, 1870 in Delaware county, she was a daughter of David and Louisa Riley Gaston, natives of the county. She was married to Charles Gardner who died in 1922, then to George M. Force who died some time ago. A resident of Marion three years, she came here from near Ashley. She was a member of the Methodist church at Cardington. Surviving are two daughters, Mrs. Snow, in whose home she died, and Mrs. Wallace Beckel of near Waldo, three grandchildren, Mrs. Louise Strine of Cardington, Wayne Shaw with the armed forces overseas, Wallace G. Beckel of Waldo and a great-grandson, and two sisters, Mrs. Doris J. Askey and Mrs. Charles Ragles of near Cardington.

Funeral services will be conducted Wednesday at 2 p. m. in the Cardington Methodist church by Dr. S. M. Ingmire of Epworth Methodist church, Marion. Burial will be made in Glendale cemetery at Cardington. Friends may call at the Schaffner-Denzer funeral home on East Center street after 7:30 tonight and until Wednesday morning, then from 11 a. m. until service time at the church.

Pledge Campaign Planned Against Living Cost Rise

A meeting to launch a Marion County Pledge campaign to enlist cooperation of every person in the county in a fight against increasing costs of living will be held at the Y.M.C.A. Friday.

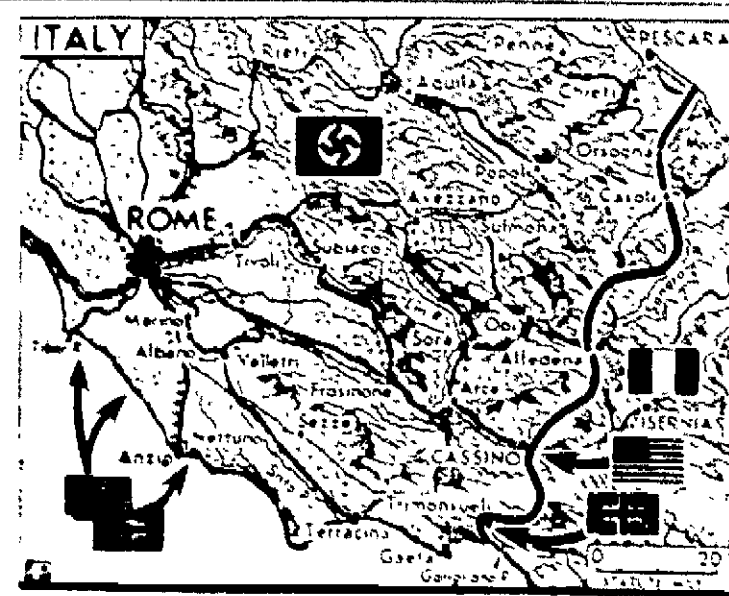

Under supervision of the principal of the local war price and rationing board, campaign workers will seek to get a promise from every resident of Marion county to make and keep a "home front pledge." Articles of the pledge include promises to help distribute rationed goods fairly, to help hold down the cost of living, to help eliminate black markets, to bring to the attention of the local war price and rationing board continued violations.

Members of the campaign committee are appointed representatives of various organized groups in the county. Robert T. Mason is local chairman of the campaign committee. The meeting in the Y will be held at 4 p. m. Friday.

Germany Still Has Hard Wallop, Dill Tells Detroit Club

DETROIT, Jan. 24.—British Field Marshal Sir John Dill told production-minded members of Detroit's Economic club today that while "satisfactory progress is being made in the German 'counter-attack' the present is no time to 'pull punches'."

Germany, said the senior British representative of the combined chiefs of staff, "has been and still is taking some terrible punishment, but she has also got some terrible punches left in her. We must hit her, by sea, by land, and by air, and go hitting till she takes no more."

WHERE ALLIES FLANK ITALIAN FRONT. Arrows from American and British flags point to region south of Rome between the Tiber river and Nettuno where allies have made new landings in Italy. Allies merely announced they landed south of Rome, but German reported the locations. On land front (heavy line) Americans were fighting in Cassino area and British captured Trionfante. (AP Wirephoto)

ITALY MIGHTY AIRCRAFT CARRIER LAUNCHED

QUINCY, Mass., Jan. 24.—The Navy's newest mighty aircraft carrier, U. S. S. Hancock, slid down the ways today, dipping her keel in the sea for the first time at the Fore river shipyard, from which the battleships Lexington and Wasp, and other powerful warships have gone forth to the world at war.

Chosen sponsor of the new ship third in naval history to bear the name of Massachusetts' famous patriot John Hancock, last sign of the Declaration of Independence, was Mrs. DeWitt M. Ramsey, wife of Rear Admiral Ramsey U. S. N., chief of the bureau of aeronautics, Navy department at Washington.

Forerunners of the ship named for the distinguished colonel, leader were but puny vessels in contrast to the new flat-top. The new craft displaces upwards of 25,000 tons, and while her length, beam, and draft are modest, ships of the Essex type were listed to carry "eighty-plus" aircraft.

The Navy described the new ship as equipped with the latest developments in effective armament and defensive power.

Former St. Mary Coach Honored by Georgia Officials

St. Mary's, Ga., Jan. 24.—Former St. Mary's coach, John F. Fetter, former physical training instructor at Thomasville Air field, Thomasville, Ga., has been voted outstanding official of the Southern Georgia Football Officials' association for the season of 1940, according to word received from the field.

He was awarded recognition on the basis of knowledge of football, ability in handling players and love of the game. Fetter was awarded a gold football and a \$25 war bond as material recognition.

Only man to receive the award while in the armed forces and the youngest man ever to receive it, Fetter, who is 21, devoted spare time to assist in coaching teams at Thomasville High school.

Sgt. Fetter is the son of Mr. and Mrs. A. C. Fetter, 1400 Canham street. He enlisted in the air corps in August, 1942, but was not called until Feb. 2 last year. After graduation from Ohio Northern university he was coach at St. Mary's Catholic school.

Father William J. Spickerman, pastor of St. Mary's Catholic church, recently received a letter from Sgt. Fetter in which he sent greetings to his friends in Marion, saying, "The best people on earth are in Marion."

Illness Fatal To Crestline Youth

CRESTLINE, Jan. 24.—Rowland McCrory, 19, son of Mr. and Mrs. Thomas McCrory of Crestline, died at the Kane Case sanatorium in Delaware at 11 p. m. Sunday, following an illness of 10 months. Surviving with the parents are a brother, Emmett McCrory of Canton, and a sister, Miss Margaret McCrory, at home. He was a member of Saint Joseph Catholic church in Crestline.
